Why a Thatch Directory

The Thatch Advice Centre free thatching information website has developed over almost 10 years and in that time has become far more than we ever envisaged. There is a need for up to date thatch information, help and advice. More and more often, we are being asked for contact information for specialist companies to help thatched property owners. From Architects to Tree Surgeons, insurers to scaffolders. These specialists have also been asking to advertise with us.

We have over 10,000 page views per month* and send out our regular Newsletter to over 5,000 subscribers, all people interested in thatch. We looked at the options and have carefully designed and created a bespoke Thatch Directory website, easy for people to use and easy for you to advertise on.

The Directory is SEO optimised, promoted via the Thatch Advice Centre, Newsletter, social media and word of mouth. Our links with Fire Services and other relevant organisations e.g. English Heritage, insurers, Conservation and Building Departments also mean that visitors to our sites will be from many areas of thatch interest.

As the hub where people needing help with thatch go, we have the contacts to make sure your business is seen by a growing community in a niche market.

The Directory will be offered initially to specialist suppliers to the thatch industry already known to us. It will then be extended to those who want to be part of our associate team.

References will be required for all companies who advertise with us, we only want proven respectable and responsible businesses.

Advert numbers in Counties will be limited – no one looks through pages of search results – a good page of quality adverts shown equally (so every advert has the opportunity to be displayed at the top) is what our visitors and advertisers want. Sorry but you are not more important if your name begins with an A!

If you can offer an excellent service to our visitors, then can you afford not to be seen here?

Advertising Information

The benefits to you?

The site is free for visitors to use maximising the potential.

Niche thatch market

No other Directory site out there like it – we are not selling anything no fire products, no insurance, no memberships. We are known for just good advice with quality contacts.

Adverts are clear, easy to find by postcode or county, one click to find all the contact details from website links to social media.

No hidden extras or levels of service

Advertisers get the Thatch Advice Centre Associate Logo to use on their website as proof that they are part of our verified business community.

Advertising is a quick and easy process.
